

From the Mayor:

We have received many positive comments about the new leadership and direction the city is taking. We always welcome and look forward to community input.

Our goals are to provide each of you with excellent customer service, keep you aware of important issues and continue to build our strong community. The website will continue to be a source for council minutes, agendas, contact information and more.

In 2012 we expect a lot of things to stay the same, but invite and look forward to some new changes as well. We have been in contact with the Middleton Village Partners who own the complex where the old Ridley's is located. They are moving forward with a re-design and anticipate adding new businesses.

If you have any questions, please feel free to stop by city hall and visit with me personally or join us at city council meetings on the first and third Wednesdays of each month.
